EXPERIENCE

DiDi - Tech / Data Analyst Intern   **Beijing, China**
Intern   May 2024-August 2024
- Deployed, trained, and utilized large language models (worked with Llama3, Mini CPM-V 2.5, Azure GPT-4) to write an API that extracts key information from images for DiDi's freight department.

School Online Lost and Found System   **Beijing, China**
Initiator and Programmer   Fall 2020-Spring 2023
- Designed & built school lost and found system with my friends; 800+ items returned to owners; provide ongoing technical support, daily maintenance, & version updates.

Media Studies Research through Pioneer Academics   **Beijing, China**
Researcher   Spring 2022-Summer 2022
- Learned in group seminars; did individual research; used Python to study real-time comments on Bilibili (similar to YouTube) and wrote a thesis. Gained A- for my thesis and got Oberlin College credits.

Additional experience includes organizer of Chinese Star Wars Fan Organization

LEADERSHIP & ACTIVITIES [or PUBLICATIONS & PRESENTATIONS]

Technology Article Writing and Weekly School Computer Science Lecture   **Beijing, China**
Guest Speaker and Peer Mentor   Fall 2021-Spring 2023
- Follow the frontier of technology & programming and share my takeaways in bi-weekly lectures. Improved my time management ability and public speaking.

Director of Publicity Department of School Student Union
        Beijing, China
Director of Publicity Department   Fall 2021-Spring 2023
- Lead a 20-person team; take photos and videos for school events; share everyday school life on social media platforms with all students & faculty, which helps promote school spirit.

School Photography Club   **Beijing, China**
Founder and President   Fall 2020-Spring 2023
- Lead 40+ members; organize seminars to teach photo-shooting & editing techniques; conduct quarterly field trips; launched an online photo gallery.
